

Buy Back Domestic Tariff

1 January 2024

Jersey Electricity

Buy back tariff and standby charge

This tariff is designed for Domestic customers with embedded generators (EmGs) approved by Jersey Electricity in accordance with Engineering Recommendations G83/2 or G59/3 connected in parallel to JE's network and which have the capacity to sell excess units back to JE.

Types of generators

Typical examples of embedded generators that may qualify for our Buy Back Tariff include:

- Wind turbine
- Photovoltaic (solar panels)
- Combined heat and power systems (CHP)

Embedded generators connected in parallel to our network must comply with either Engineering Recommendations G83/2 or G59/3 depending on the rating of the generator. For further advice contact us on 505460.

Buy Back Rate **8.69p** a unit

For all units exported to the Jersey Electricity network during anytime of the day or night up to a facility size of 50kWp 3 Phase / 20kWp Single Phase.

Installations above 50kWp will be reviewed on a case-by-case basis.

Typical kW peak refers to the maximum rating of the EmG (wind turbine / photovoltaic / combined heat and power systems).

Standby Charge

We currently have no plans to implement the Standby Charge for Domestic customers who have embedded generation, such as Solar PV, but who require backup services and power from the grid. Though we will keep the situation under review. Domestic or Commercial installations are determined by their current designation on Jersey Electricity's Customer Database.

However, Jersey Electricity reserves the right to apply the commercial Standby Charge of £3.97 per kW peak per month for installations up to 50kWp that clearly fall within the bounds of commercial scale whatever the customer/premise designation. We will determine the Standby Charge for Commercial Installations greater than 50KWp on a case-by-case basis.

Daily Service Charge

A Daily Service Charge applicable to the tariff applies.

Single Phase**21.97p**
 Three Phase**48.05p**

Single Phase**26.07p**
 Three Phase**57.92p**

Prices shown in bold are inclusive of GST.
