PLEASE NOTE:

- We require a minimum of 10 working days to process this form
- Any work outside normal hours will be chargeable
- Work started within normal hours that requires a return visit out of hours may be subject to a standby call out charge appropriate for that period
- Partially or incorrectly completed forms may be rejected and are likely to delay planned works

Should we be unable to complete this connection at the agreed time of the appointment due to reasons beyond our control, a fee in line with current rates will be charged as a result of the re-visit to the site.

I/We acknowledge that to the best of our knowledge there are no Asbestos Containing Materials (ACM's) within the area of the proposed Jersey Electricity works or we have provided all available information related to ACM's and understand that where no record of asbestos is provided or information provided is insufficient, JE may request the client to undertake an asbestos survey or material sampling prior to any works being carried out and this may delay any planned works.
