Jersey Electricity

Electric Heating

Power your home with positive energy

A warm energy-efficient home is cleaner, safer and kinder to the planet and is easier to install.

Combined with our range of low-cost tariffs, electricity offers an ideal solution for all your heating needs.

We all have our own special requirements, so we've made sure we have a tariff to suit you.

Our Customer Care Team is happy to help. We'll visit your home to explain how to get the most out of your heating system.

Email **jec@jec.co.uk** or **call 505460**, 8am - 6pm, Monday to Friday.

To find out more about your tariff and for our full terms and conditions visit **www.jec.co.uk**.

Moe knows a thing or two about saving energy

At JE, we take saving energy seriously. Just like our master of energy conservation, Moe the Sloth.

Moe's top three energy saving tips are:

- Make sure you're on the **right tariff** and make the most of cheaper rates where you can.
- Turn your thermostat down by just 1° and save on your heating bills.
- Set your washing machine to **eco mode** and run it at 30° or lower.

It pays to be energy smart

Discover more of Moe the sloth's tips and start saving at [moeknows.je](https://www.moeknows.je) or use the **My JE app**
