

# Roadworks notice.

We are working in your area today to help meet the increasing demand for low-carbon electricity.

Due to the ever-increasing demand for electricity, our dedicated team is hard at work enhancing our distribution network. This vital work involves strengthening our existing infrastructure and extending new supplies to ensure we can meet your energy needs efficiently.

We appreciate your patience and understanding as we make these necessary improvements to serve you better.

Should you have any questions or need additional details, please feel free to reach out to our customer care team at **01534 505460**.

**Thank you for your continued support.**

# Ann Street, St Helier - LV Fault

## Repairing Ann Street fault

Our engineers are working in Ann Street, St Helier, on a low voltage electricity fault, conducting repair works. This unplanned activity is in response to a fault we've been monitoring and have now identified the exact location.

## Where and when

The area of the works is opposite the entrance to St Saviour's Court Apartments. We'd like to reassure residents that access to their homes and parking remains open from either side of the closure. The work is anticipated to end of Friday 21 February.

Thank you for your understanding while we respond to this unexpected issue and secure the electricity network in the area.

**For any major updates regarding these works or our other roadworks please visit our new roadworks page [jec.co.uk/roadworks/](http://jec.co.uk/roadworks/).**

If you have any concerns or require further information, please do not hesitate to contact our customer care team at [jec@jec.co.uk](mailto:jec@jec.co.uk) or on **01534 505460**.
