## Dear Customer,

We are writing to inform you about planned roadworks and upgrades to the electricity infrastructure in your area.

### Details of the planned roadworks, Ref WO733560:

- Start Date: Thursday 21 November 2024
- End Date: Friday 6 December 2024
- Location: La Route des Pelles, St Martin

• Purpose of the Roadworks: This closure is due to excavation works for the installation of a new cable to transfer the existing over head cables to new underground services. This investment into our infrastructure is essential to enhance the reliability and efficiency of our electricity supply system.

### Will I be able to access my property?

Yes. During the works, access to properties will remain uninterrupted, and businesses will operate as usual.

#### For any major updates regarding these works or our other roadworks please visit our new roadworks page jec.co.uk/roadworks/.

If you have any concerns or require further information, please do not hesitate to contact our customer care team at **jec@jec.co.uk** or on **01534 505460**.

Inspiring a zero carbon future

We are working in your area today to help meet the increasing demand for low-carbon electricity.

Due to the ever-increasing demand for electricity, our dedicated team is hard at work enhancing our distribution network. This vital work involves strengthening our existing infrastructure and extending new supplies to ensure we can meet your energy needs efficiently.

We appreciate your patience and understanding as we make these necessary improvements to serve you better.

Should you have any questions or need additional details, please feel free to reach out to our customer care team at **01534 505460**.

Thank you for your continued support.
